academia C.V.PT

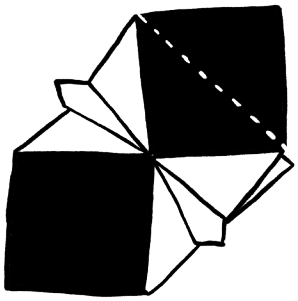
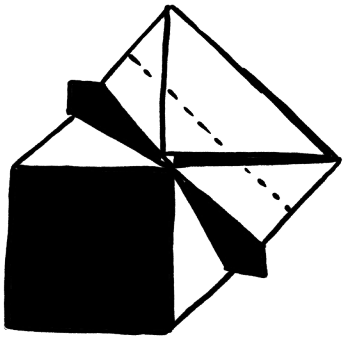
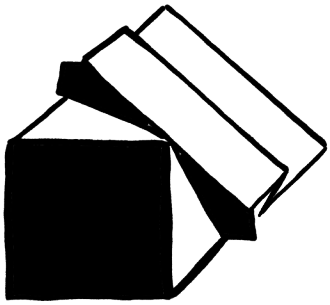
(12) Dobrar no sentido exterior (lado direito) o papel, vincando bem na zona a tracejado, junto da margem do meio (das abas anteriormente feitas).



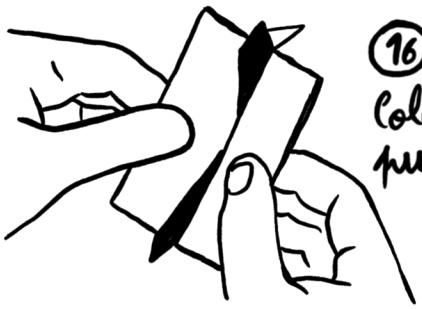
(13) Dobrar conforme a imagem, a partir do tracejado, no sentido interior (lado esquerdo) e vincar bem.



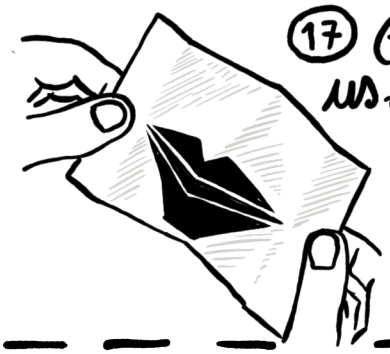
(14) Dobrar para dentro o rectângulo pelo tracejado, que o divide ao meio, para ficar como demonstrado no passo 15.



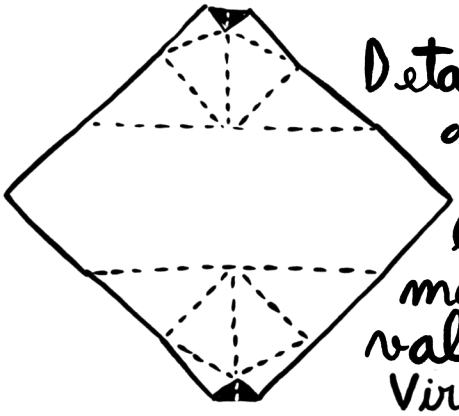
(15) Repetir do outro lado.



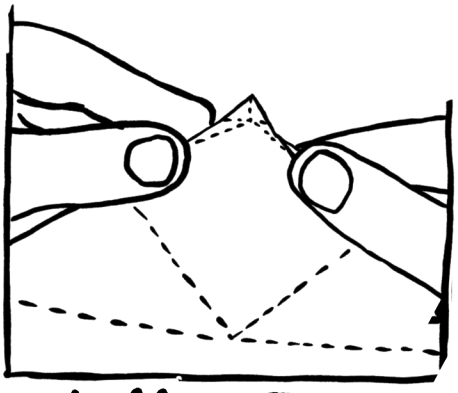
(16) Como usar (fechado): Colocar abas a 90° e puxar devagar.



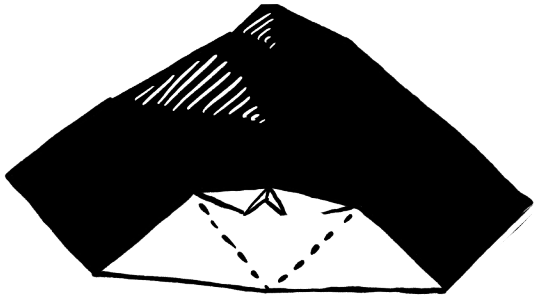
(17) Como usar (aberto).



Detalhe (8): Fazer a dobra dos dois lábios (no triângulo vermelho os lados são dobra montanha e dobra vale); Virar o papel (face vermelha para cima).



Detalhe (9): Dobra do lábio.



Detalhe (10): Lábio pronto.
